[Firefox](#)

[Google Chrome](#)

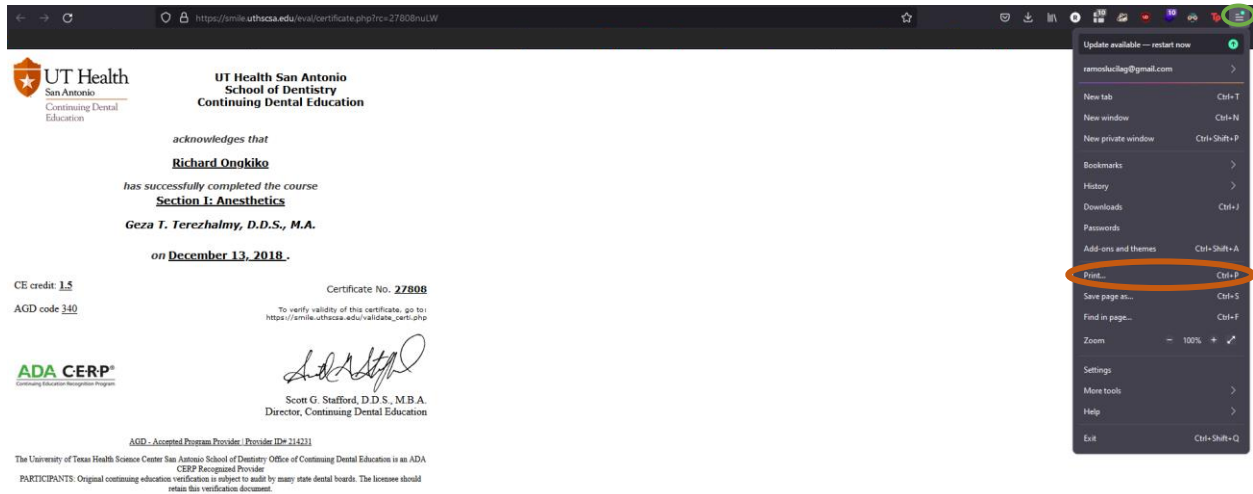

[Edge \(formerly Internet Explorer\)](#)

[Safari](#)

[Brave](#)

Firefox

1. First, open the print menu on the page that you want to save as a PDF. You may either right-click and select print, or open Firefox's menu on the right and select print there. You may also open the print menu with Ctrl-P on Windows, Cmd-P on OS X.

The screenshot shows a Firefox browser window with the address bar displaying <https://smile.uthscsa.edu/eval/certificate.php?rec=27000nuLW>. The page content includes the UT Health San Antonio logo and text stating that Richard Ongkiko has successfully completed the course "Section I: Anesthetics" by Geza T. Terezhalmly, D.D.S., M.A., on December 13, 2018. The certificate number is 27808. The ADA CERP logo is also visible. The print menu is open on the right side of the browser, with the "Print..." option highlighted by a red circle. The print menu also shows options for "Save page as...", "Find in page...", "Zoom", "Settings", "More tools", "Help", and "Exit".
